Explore

Learn from leading management scholars! AND Learn from those, who have just finished...and survived their PhD!

In the first part of the colloquium experienced management scholars will share their experience in doing research and being a researcher. Learning from those scholars and ask them all the questions you've always wanted to ask management scholars is a great opportunity to become part of the management research community.

Also, we are pleased to announce, that this year for the first time, we will invite participants of the 2008 doctoral colloquium, who have just finished their PhD, to share their experience with you. Don't miss this great opportunity to learn how to survive a PhD and get insights regarding strategies that helped your peers.

Experience

Learn from each other!

In the second part of the colloquium you will discuss your papers in small groups – each supervised by a senior researcher. The aim is *not* to give a “traditional” paper presentation but to briefly outline your research and then seek for advice and feedback for the particular questions you have. To do so we will circulate the papers of each member of a particular discussion group in advance to make sure that each one can read the papers of the others already on his/her way to Liverpool

Our scientific committee will decide about who will become the winner of the “EURAM 2009 Doctoral Colloquium Best Paper Award”.

Engage

Identify future trends of management research!

In the third part of the colloquium we invite you to take part in identifying future trends of management research: If you would be the editor of a key journal in your field, which special issues could you think off? Where would you put the focus on – why? What are the innovative ideas that will mark the forthcoming volumes? Discuss your ideas with the EMR editors.
